

TASKI® WipeOut Sponge

Easy scouring

The TASKI WipeOut Sponge is an innovative spot cleaning sponge designed to remove marks and stains from various surfaces without scouring or scratching. It consists of a white polymeric foam cleaning pad. The soft, flexible pad cleans many surfaces with just using water. No sprays or cleaners are necessary. Simply wet the pad, erase the mark and wipe out!

Key advantages

- ▶ Excellent spot cleaning
- ▶ Easy in use
- ▶ No chemicals needed

Benefits

- ▶ Excellent cleaning result
- ▶ Wipe out difficult spots

Application

TASKI® WipeOut Sponge

How to use:

1. Rinse under tap water and squeeze out any excess water.
2. Wipe out marks and stains using moderate pressure.
3. Rinse pad after use, if needed.
4. Discard pad after multiple uses when white foam has worn away.

Please note:

The WipeOut Sponge may dull soft surfaces.
The WipeOut Sponge should be wet before use.
